

2026 Autumn Holiday Selective Transfer Key Point Lesson (4-Day Intensive Program, 13th April – 16th April)

Missed out on our Term 1 Selective Transfer Foundation Course?

We are re-running the Term 1 program, condensed over 4 days this Autumn Holiday, to make sure you are caught up with all content present in the HAST/EDUTEST exams.

This course will be conducted **ONLINE ONLY**.

Who should join this course?

Students who are planning for Selective High School entry from Year 8 and have missed out on our Term 1 Selective Transfer Foundation Course.

Do you need to train for the Selective Transfer Test?

Yes! Even high-achieving students stumble in the test. Even students with perfect Year 7–8 results have missed out. Research shows training and familiarising yourselves with the types of questions that will be asked in HAST/Edutest can significantly improve test scores and aid in the development of strategies.

How will this course help you?

Backed by experienced and dedicated tutors, we will provide students with:

- Specialised lesson-based coaching covering topics present in the HAST/Edutest.
- A take-home mock exam that enables students to implement their learnings in a time-bound environment.
- Foundational skills to tackle challenging questions & understanding essential concepts.
